Summer Fun

Riley students participated in many different activities this summer. The Firefly Festival always attracts Riley thespians and musicians

"Being a chorus member in *Annie Get Your Gun* helped me gain experience in acting and dancing," stated senior Paige Laderer.

The 4-H fair is a popular place to be during the summer. "It's a great place to see all your friends from school," says junior Melanie Freitag.

Hoping For Good Times

When the Riley swimmers started the summer season, they hoped to have a successful summer and hoped to improve their times, but more than that they hoped for a successful swim season at Riley.

Riley swimmers competed for different teams and against other Riley swimmers. Joe Koch '90 received 6th place in the M.A.P.S.C. finals at Northwood high school. Joe added, "During the race I feared not to place in the top 10." About the same time at the Y.M.C.A. swimming and diving Championship, Steve Wosick '90 broke the 400 I.M. record with his 1st place victory with the time of 4:51.95. Wosick said, "I feared that I would die in the race!" Wosick also won the 800 freestyle. He help receive 3rd place in the 800 free relay with John Cesh '88, Karl Peterson '88 and Clark Hoover '90.

Keeping In Touch

Seeing friends for the first time at the end of summer is exciting and dreadful. Will my friends still like me? Have they changed? "I feared that I would grow apart from my friends during the summer," commented Sue Pethe '89. Maintaining good friendships means staying in touch with your friends over the summer. Riley students do this by going to the mall, talking on the phone, or even driving around and seeing people. Although hopes and fears vary from person to person, one thing will always remain the same: there will always be friendship among the Riley High students.

Setting The Standards

Many feelings that can be categorized as hopes and fears are shared at the first football game. The fans are eager to socialize with their old friends. Members of the band are nervous about performing for the student body. But more importantly are the feelings of the players. After all they are the ones that earned the 28-20 victory that will be recorded as the 50th anniversary win against Washington. Many feel that this game sets the standards for the rest of the season. When asked if the game had any special meaning, Steve Cook 89' replied, "I tried to forget that it was the anniversary game at stake and focused on playing to the best of my ability."

A Royal Night

The hope of being chosen and the fear of not seemed to turn into excitement only. For one the hope came true and for the remaining eleven, the fears dissolved.

September 25 was a very special date for twelve senior girls. During the day, the Homecoming court enjoyed lunch with Mr. Oldham, and was presented to the student body at the pep assembly. Then that night, the court members and their escorts strolled onto the football field, each with a proud smile. After everyone had been introduced, Jennifer Juday sparkled as Penny Polsgrove, former Queen, placed the crown on her head. "I was shocked to hear my name and I was really surprised," stated Jennifer.

The members of the court were Kim Bailey, Sarah Black, Camille Coddens, Tara Harris, Sara Herczeg, Vianda Hill, Jennifer Juday, Jennifer Knight, Sheryl Lynch, Nicole Medich, Wendy Medich, and Nora Weldy. Each of them were honored to represent the senior class and will cherish the memories for many years to come.

With so many different styles it has become hard to distinguish fad from fashion. While fads die out fashions are reborn, often taking new shapes and colors. The mini-skirts and crew-cuts which are reminiscent of the 50's and 60's seem to be back. Although a variety of changes have been made the roots are plainly visible.

Many of us dress with the hope of fitting in because we possess the fear of standing out in the crowd.

Some of us adopt a certain style and stick with it because it is a means of self-expression. While others of us just tend to go with the flow, either way fashion plays an important role in our society. One of the keys to fashion is self-perception, without that one wouldn't have an identity of their own.

Self-Expression

Riley Spirit: Keep The Tradition Alive

Riley spirit. It's a unique blend of pep, enthusiasm, and energy. Homecoming, spirit week, and Ugly Couples are just a few of the events that the student body, as well as faculty, participate in. Our Homecoming Court represented Riley's finest guys, selected by the students. Spirit Week became complete with pajama day, toga day, and the traditionally popular — beach day. Ugly Couples not only raised money for the Prom, but, with courage and spunk, shocked the school with their outrageous outfits hairstyles, and wonderful ugliness. Riley spirit. It's an ongoing tradition being kept alive by our own spirited students.

Tradition

The yearbook staff, led by co-editors Tara Harris and Shari Orisich, is a relatively inexperienced one. The staff is made up mainly of many newcomers who are enthusiastic and willing to work.

Shari Orisich stated "I hope we will continue the tradition of having the best yearbook in the city."

Amy Miller added "My biggest fear is not meeting deadlines."

In order to make this yearbook full of memories and good times, deadlines do have to be met. This year's staff strives to combine all of their many hours of hard work to make a yearbook enjoyed by all.

Warmth And Friendship

This year the Award Winning Riley Thespians presented one of their most demanding dramas ever. James Reach created the play "David and Lisa" but through the acting of over twenty actors and actresses its performance became a true reality. The fall play dealt with the trials of mentally disturbed adolescents and focused on their strengths and fears.

As a first year performer, Jim Meiss '89, commented that, "The way in which all of the performers can adapt to such complex roles and be so convincing is really amazing."

In addition Jane Longnecker '88, Tim Tomlinson '88, Philip Sever '88, and Danny Goldwin '89, all agree that the time that they shared at rehearsals and performance nights created a feeling of warmth and friendship among the entire cast. They will always remember those special moments.

Life After 2:55 P.M.

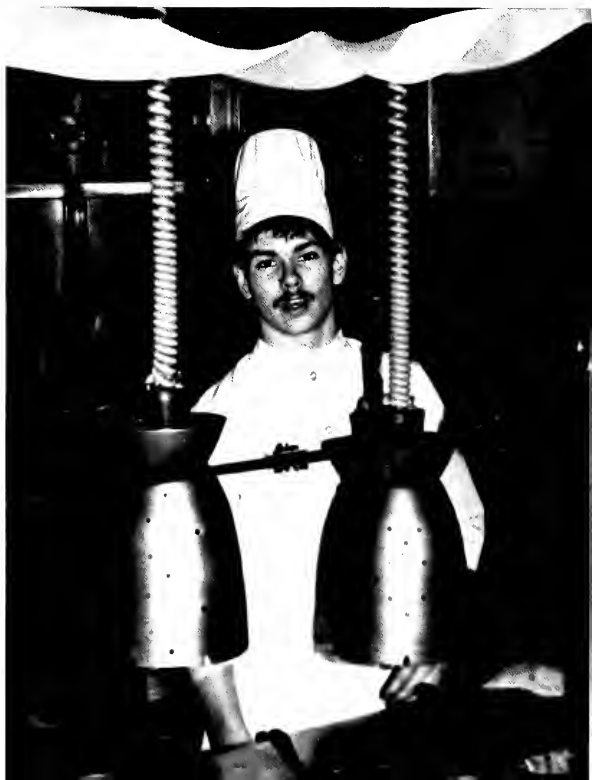

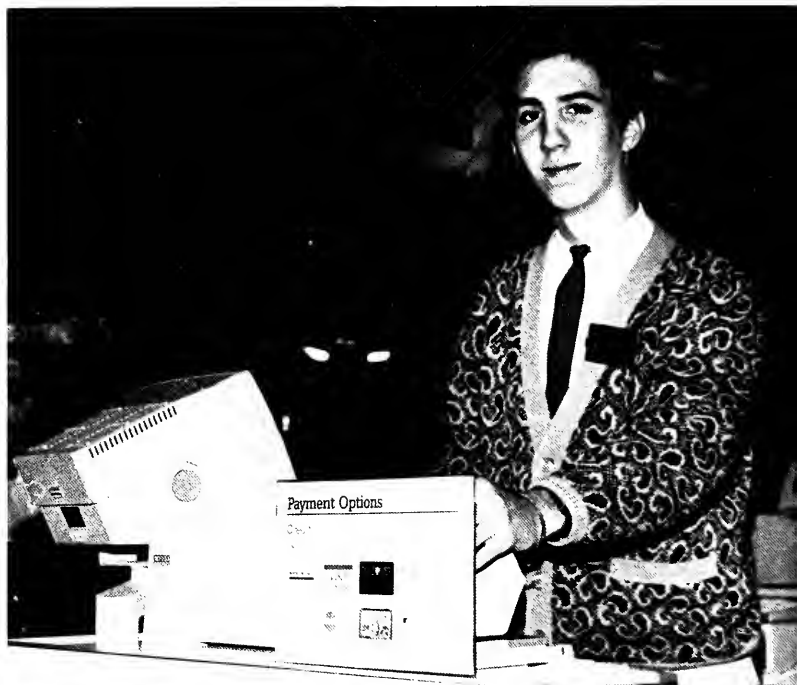

In order to earn money and gain valuable experience, many Riley students hold jobs at local businesses while they attend school. A lot of teenagers feel that holding a job is important because it teaches one to allocate their time as well as budget their money. Many students have expensive hobbies. States Matt Sorenson '88, "You have to pay to play."

Some students are able to gain employment in a place that will help them with their college majors or, if not planning to attend college, with their occupations directly out of high school. Others hold jobs at restaurants, shoe stores or clothing stores — a place that offers flexible hours and a reasonable salary.

ATHLETICS

It's The Place To Be

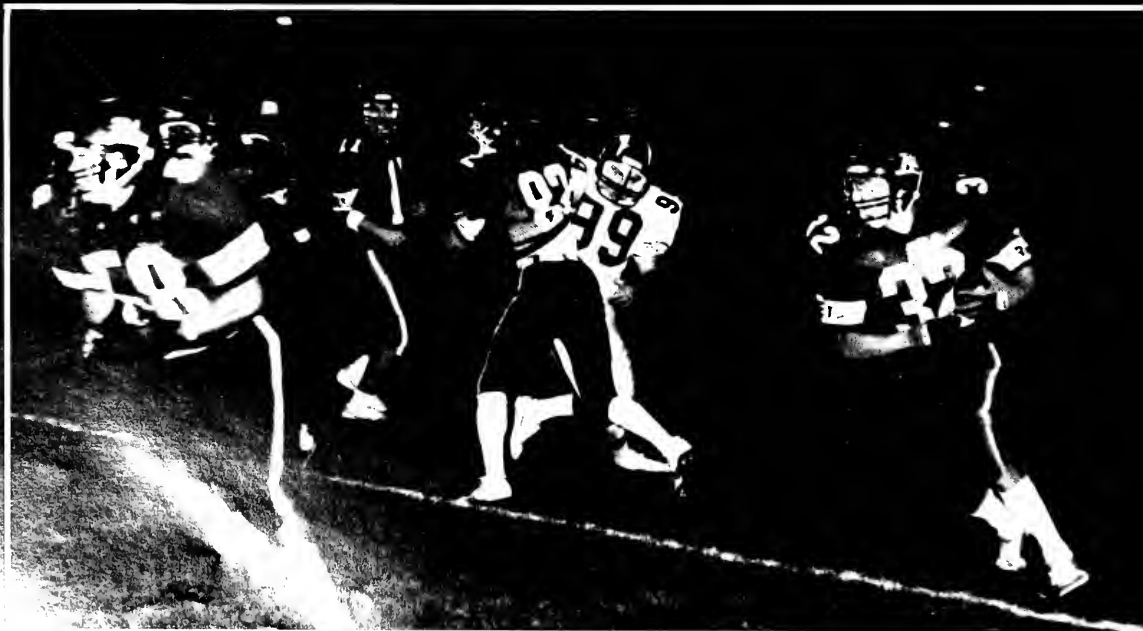

Many people don't understand all the work that goes on to make a good football team. The Wildcats start off in the summer with all day practices with only one short break for lunch. "When we all eat together," stated captain Robert Szczechowski, "we are building the feeling of a family among us, which helps us play together as a team." "Fall practices aren't as hard," stated captain John Riddle '88, but they are cold, cold, cold."

Most all the players share one common fear. That is the fear of getting injured. Stated Robert Szczechowski '88, "I fear getting injured and having to sit on the sidelines unable to help my team." Along with fears many have hopes. "My hope is to win sectionals and beat the current rushing record," stated Senior Roy White.

Through the good and bad the Wildcats never give up. They play as a team to be the best they can be. Stated senior Robert Szczechowski, "It's definitely the place to be."

Never Give Up Hope

"To work as a team, to win, and to always play your best, described the most important hopes of this year's volleyball team as stated by senior Wendy Medich. The intensity of practice and extra effort of the team has paid off. The fans were given the experience of exciting rallies and tremendous comebacks, yet what do they fear? "Being hurt or injured while in a game," remarked junior captain Melanie Freitag.

The girls' demonstrated their power and hustle in their opening games of the South Bend Volleyball Jambo-ree by defeating tough rival St. Joe in the first match. 'Cats discovered that you "can never give up hope, you can always improve," commented senior Camille Coddens.

Full Of Hope

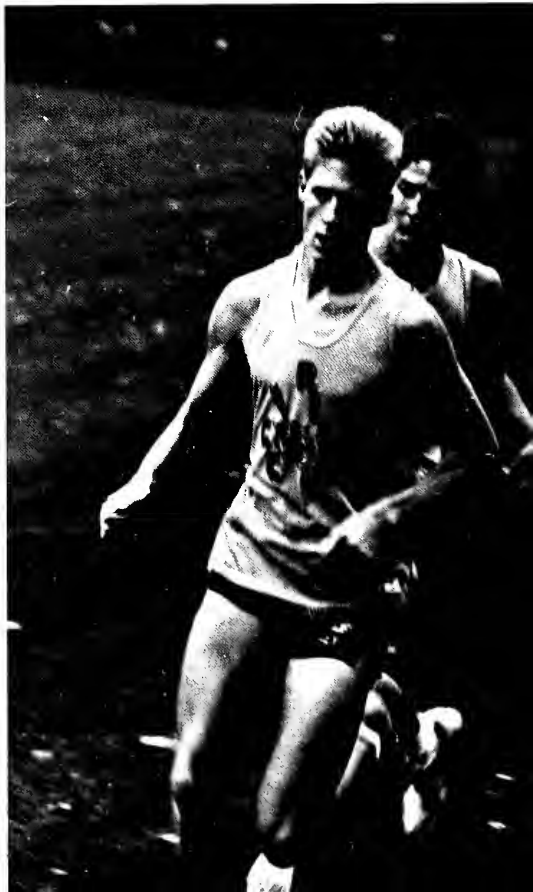

The Boys Cross Country Team showed alot of hope in their great season. The team finished overall with a record of 11-2, the team came in second place in the conference only losing to Elkhart Memorial, and also came in second place in the city only losing to Clay.

The biggest event of the season was finishing second in the sectionals. This year was also the best team Coach Morningstar has coached at Riley.

"We are a very close team; there is not just one outstanding player, we all contributed to the teams great year." Added Todd Bauer '88. "This year's team is really special, I'm glad to have been a part of it," remarked Doug Luczkowski '88.

"The Girls Cross Country Team might not have had the season we would have liked to have, but we were a young team and I believe that next years team will be much better," Stated Jennifer Juday '88.

“Qualified And Dedicated”

The boys tennis team improved considerably this year. They were mentally and physically stronger in their game than last year. Team support, loyalty, and court courtesy were just some of the qualities the tennis team improved on. Carl Henry '90, commented, "I hope that our qualified and dedicated tennis team can fulfill our goal of becoming physically and mentally more stable in the upcoming years."

Through Rough Waters

Ladycat swimmers waded their way through rough water. This year the girls had 5 qualifiers, Sarah Black, Michelle Graham, Joelle Hill, Sarah Stout, and Debbie Szucs for the state meet at IUPI.

Sarah Stout 89' a returning swimmer said, "I had been looking forward to the state meet, I qualified for the 200 medley relay."

Placing 6th at the state meet in the 100 butterfly was Sarah Black and placing 8th was Debbie Szucs in 100 breast stroke.

Traditions And Emotions

The Riley Swim Team has had many sectional wins and has captured several state titles, and there seems to be no stopping them. This is due to the dedication, strength and discipline that each swimmer puts forth.

The main idea that is put behind the swim team is success and working hard to achieve goals. It is not whether the team wins or loses, it is how they swim, both individually and as a whole. Each swimmer wants to develop himself to his fullest potential. "Success is developing your full potential," states Coach Dunlap.

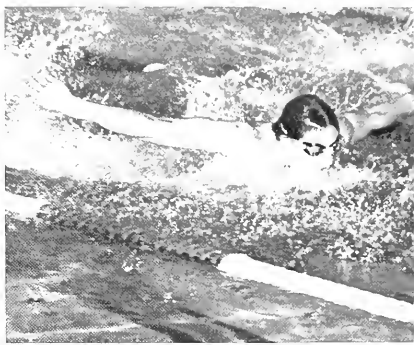

The hopes and fears among the team members are basically the same. The fear is failure and the hope is "to meet the goal that was set at the beginning of the season," states Craig Fox '89. Each race is packed with emotion, and this is displayed throughout each meet.

As all Riley students are able to see, the team is a close unit and is always able to count on for success. This is one tradition that won't change with the years.

Encouraging Potential

This season the Wildcats faced numerous challenges. In the minds of many, they were expected to carry on the record that was produced during the previous season. But the question that resulted was whether or not the team as a whole unit were mentally strong. Darnell Evans '88 agrees that the team possesses this quality. "The reason being is that whenever a problem arises among the team we take time to work it out before a practice in order to work with each other in a more positive way."

Throughout the season the team focused on accomplishments attained during the season. One such victory was the Adams contest in which Riley was awarded a trophy.

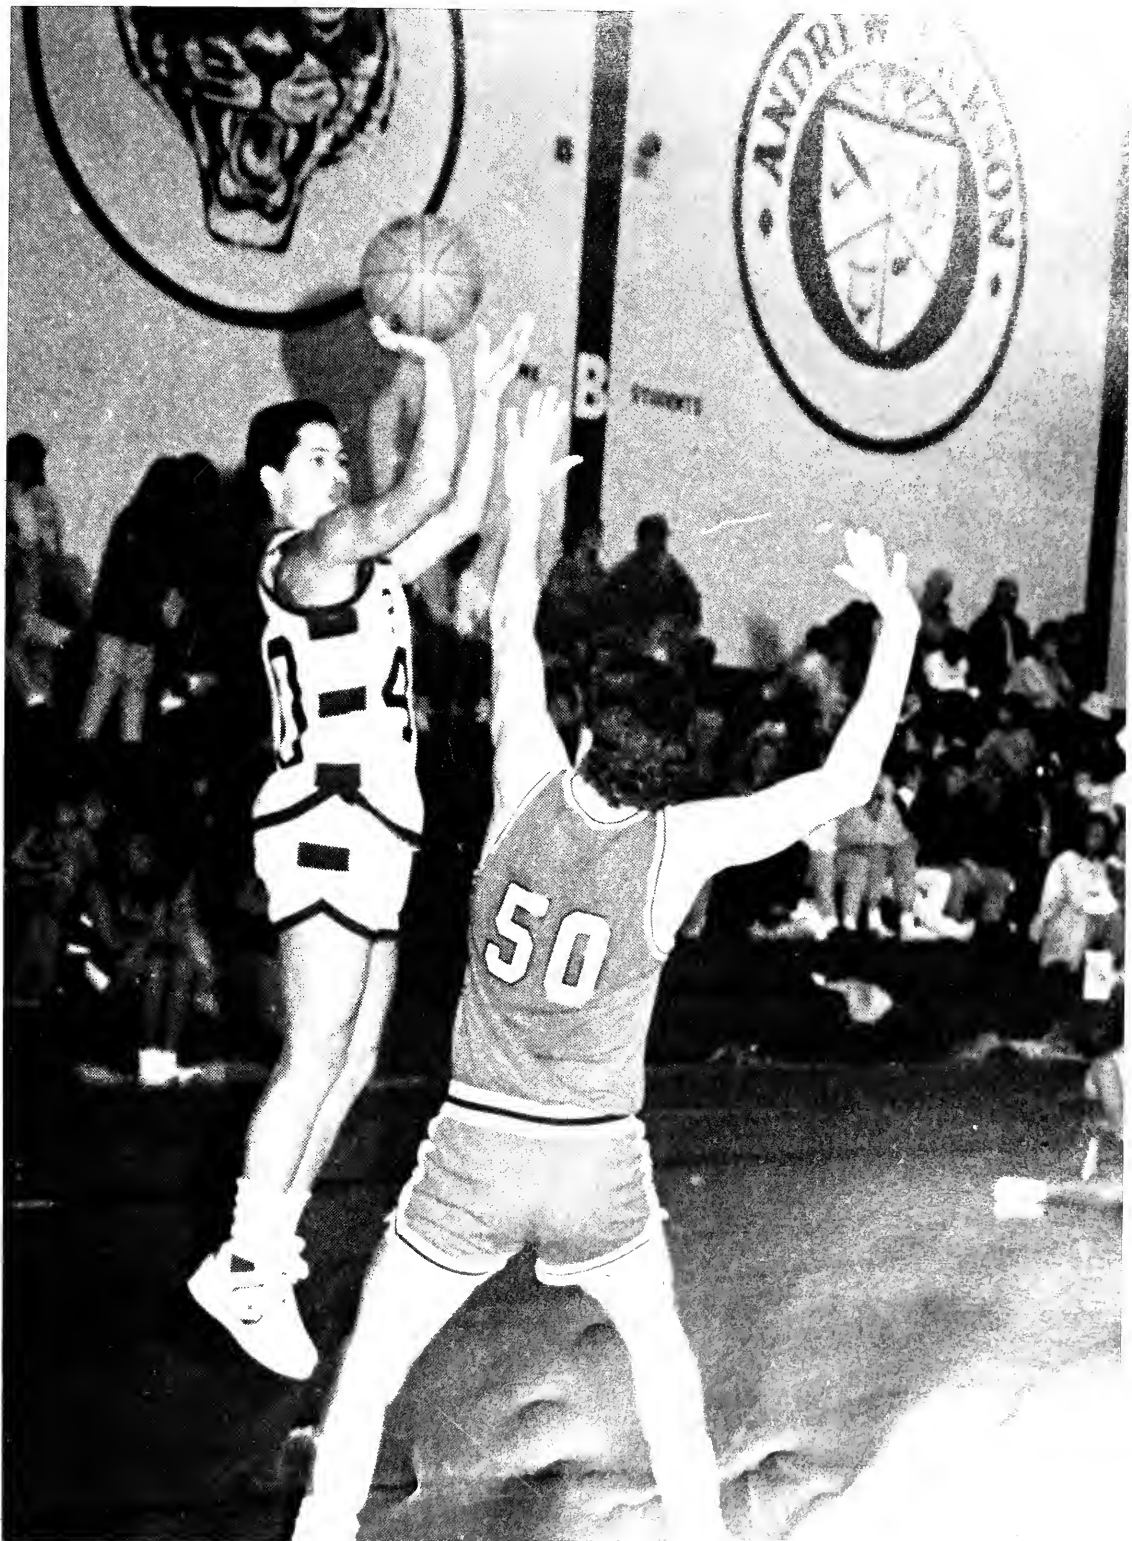

Basketball is a team sport that requires total cooperation. "With the combination of each players skill and strength it was inevitable to produce a beneficial season in certain aspects", commented Tracey Cannady. When asked what the future holds for the wildcats Coach Robert Berger replied, "The past season has been one of rebuilding and as a result of that rebuilding we as a team have built a firm base for future success."

Recapturing The Spirit

Early in the year, Head Coach Polsgrove and assistant coach Colleen Doyle were looking for a good season with a lot of expectations. Unfortunately the girls came out with a 10 win and a disappointing 10 loss season. The second round of sectionals ended their season as they were beat out in the second round by La Salle, with a score of 44 to 43.

Becky Zumbrum had the record for the most assists in one season, set by Cindy Miller in 1977 of 67 assists. Becky achieved a total of 77 in this season.

Nora Weldy had the best single season free throw average of 68.8%.

Sheryl Lynch achieved 388 points to beat out the record of 362 points set in 1985 by Sandy Lewis. Sheryl was also named 3rd team all state in Hoosier Basketball Magazine.

The lady cats are looking forward to the 88-89 season to start over and get their revenge for the Sectional title for next year.

Growing And Improving Skills

Girls' soccer is a sport fighting for attention at Riley! This year was only the second season of it being a varsity sport. The team is growing and showing definite improvement.

Co-captains Susan Allison '89 and Jennifer Rose '89 hope for the team to grow and improve as it gains experience.

Coach Ciro Haraguchi believes the girls' soccer team has great potential to become a winning team in the near future.

"I think the reason we've improved so much is because of our great coaching staff. They're so positive, they've helped improve our attitudes," states junior Sarah Fisko.

The girls are optimistic about winning more games in the future and they hope to gain popularity as they grow and gain experience in the years to come.

A Privilege And A Challenge

The start of the 1987-88 wrestling season started off with a dominant victory over Munster with many Wildcats going undefeated. "A win like that," stated Jeff Franko '89, "is what motivated us to do well the rest of the season." "Being a member of the Wildcat wrestlers is a privilege as well as a challenge of your mind and your body," stated Chris Messecar '89.

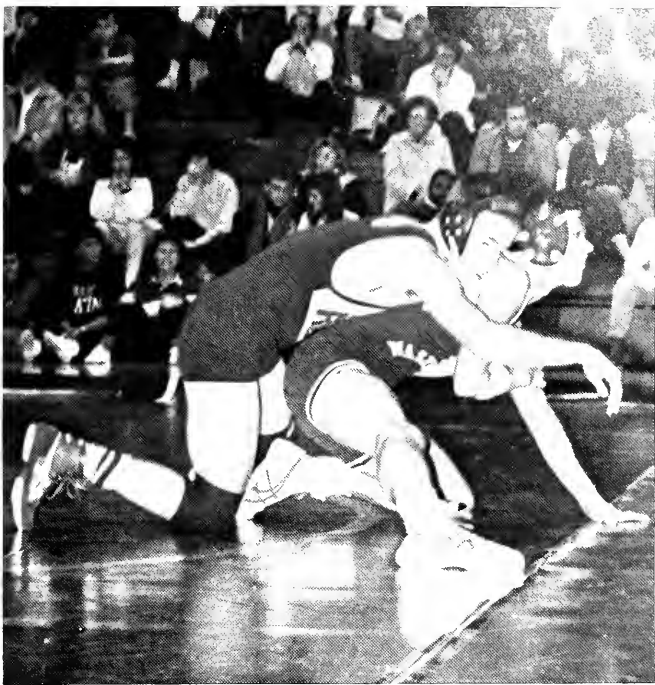

Underclassmen are just as important as the upper class this year, with sophomore Tony Bailey losing only one match to Penn.

"Even though we sometimes dread all the hard work and long practices," stated captain Rick Stillson, "we hang in there and remember that we will be rewarded in the end when we prove to ourselves and our school what dedication and devotion will bring to us."

Captain Joe Duke '88 wins another match for the Wildcats.

ACTIVITIES

A Definite Challenge

"A definite challenge. That sums up what debate class entails," stated junior Amy Miller. Being a member of the debate team means many hours of dedication and devotion. "What you put in to the class always comes out in the wash," replied coach Goodman. The 1987-88 debate team has many new members with strong ability for future years," commented senior captain Sean McLane. The team has brought home many trophies and hope to continue bringing them home.

The national topic debated this year deals with the current U.S. policy for Latin America. "The topic is hard to defend sometimes because it is very broad," Stated Ken Koch '89. Many students fear debating negatively on this topic. "My biggest fear, stated Shella Lerman" '88, is having to debate negative and not having any evidence to back up what I want to prove."

A Unified Staff

Time, dedication, and organization all play important roles in putting together the Riley Review. The Review has supplied Riley with useful information and student opinions in their monthly issues. Senior co-editor Melissa Mielke had only one hope, "to form a unified staff, for a great paper."

Junior Sarah Fisko also carries the extra duties of co-editor. Raising money is just one of the tasks performed by everyone on the staff. "Without fundraisers there would be no newspaper!" feared junior Mikki Torbenson who is in charge of fundraising.

The Review staff has also overcome their fear of deadlines by receiving top honors for their writing and layout achievements.

The Wildcat Vocals

While most students are fast asleep, A dedicated group known as the Concert Choir is up and singing at 6:45 in the morning. The Choir like any other class, is a learning situation. However, performance is required and perform they did. After a very successful holiday concert the choir took part in the Corporations Fine Arts Extravaganza "Jubilation" and finished off the school year with their annual "Evening of Song".

This year The Choraliers performed throughout the South Bend-Mishawaka area. According to Eric Newcomer '89 "We are average between 20 to 25 performances during the school year." The Choraliers have inspired many of our community's elderly and disabled residents by taking their talents to several Convalescent Centers. And in addition to singing and dancing their way into the hearts of various church and school organizations they have been called upon to entertain at dinners for Professional and Business Groups as well.

Yes, Our Wildcat Vocals are truly dedicated!

Striving For Perfection

The Riley Orchestra has continued to be one of the best in the city. Every year the group plays many concerts, tours, and goes to local and state contests. Much time is involved in being a member of the orchestra. Many musicians practice and perform outside of school. This is essential in making the group the best it can be. Conductor Mrs. Fisher strives for perfection every day teaching her students all she knows. Kenny Little '89, stated, "I like orchestra because it gives me a chance to release my frustrations and express myself." Music surrounds all of us. The experience of orchestra can only add to these surroundings and enrich our lives.

Discovering Our Hidden Musical Talents

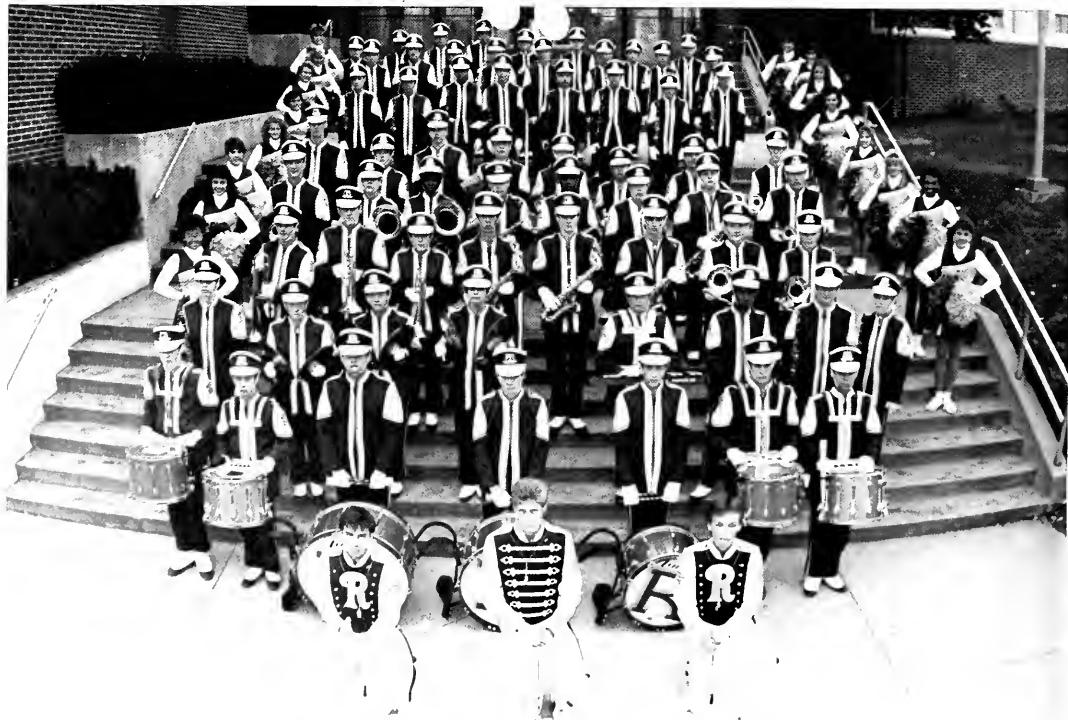

For many people a football game's half-time show is the best part. Ever since Riley first became a high school it has possessed one of the best marching and concert bands in the city.

This year, two of our three Drum Majors received first class rankings at Smith Walbridge Drum Major Camp. When asked what it meant to be rated First Class, Senior Drum Major Todd Bauer replied, "It was an honor for Kirk VanOoteghem and I to have been able to earn this award."

Every two years over spring break our band is invited to Disney World to march in the Electric Light Parade. "It's really fun and a great opportunity to show the rest of the country how well we perform," stated Senior Saxophonist Dave Elkins.

Being in the band can help one discover their hidden musical talents. Senior Gary Pfledderer said that, "Being in the band has made me a better musician."

Continuing School Spirit

"It is the most exciting way to show school spirit. I feel satisfaction and pride in cheering for Riley," states Tina Cannady, '89.

Not only is it enjoyable for the Poms' to perform, but, it is exciting for the crowds as well; Poms' have provided Riley with superb halftime and pep assembly entertainment.

The Riley PomPon squad is one of the best in the city. With 15 girls on the squad and 2 captains, they perform at different school functions.

During the summer, members of the varsity and a few B-team members go to camp to better their performance and coordination level. They came home with a hand full of awards and trophies, including the highest honor, The Plaque of Excellence.

With the help of sponsor Lela Roberts, they will continue to show their school spirit.

Enthusiasm And Pride

Each Wildcat cheerleader hopes to please the crowd and encourage the teams. Also, there are certain qualities which each squad possesses. Some of these are spirit, pride and energy. All of this shows through in their cheers, stunts and chants.

The squads practiced throughout the summer as well as during the school year. Their hard work and energy were rewarded by their performance at camp. They attended camp at Ball State last summer. The J.V. and Varsity squads performed a pom routine, and won first place. They also captured the camp championship award.

"We have a lot of fun baking cookies for the teams and promoting general school spirit," states Tracy Kielton. The cheerleaders are obviously a vital part to Riley's spirit and pride!

Scholarship And Leadership

The National Honor Society recognizes high school students who have proven themselves highly competitive in scholarship and leadership. It gives them the opportunity to associate with each other and share ideas. NHS gives these enthusiastic students the support and discipline which enables them to persevere. The weight of membership builds their character and encourages them to either maintain their standing, or to progress and refine their achievements. The Society's final Commitment is to service. NHS unifies these students and guides them in their duty to serving their school and their community.

Valuable Organizations

At Riley High School there are many valuable organizations set up for the purpose to serve the student body.

Student Council is the student oriented government of Riley High School. It is set up to help the student body and in some cases, the surrounding communities. Food drives, flower funds, and donating to worthy organizations are a few of the services that Student Council performs.

Student Council President Sara Herczeg stated, "If there is a problem, Student Council will take care of it. Also we raise the funds for any extra activities at Riley."

S.A.D.D. — Students Against Drunk Driving is an organization set up for the purpose of "getting help from the student body to help prevent people from drinking and driving," explained Kerry Foley '91.

Guardian Angels is a group of students gathered for the purpose to give moral support to the Riley Boys Swim Team. "G.A. is a rewarding experience although it is a lot of work," stated sophomore Anna Sisco.

"The Pride Of The South Side"

Imagine a school with no spirit. No cheerleaders, no pom pon squads, and no pep assemblies. No pep assemblies! Riley is known for showing its spirit at games, sectionals, and especially at pep assemblies. Whether we're patronizing a home game or celebrating a rival victory, assemblies are a traditional part of Wildcat history. Even twenty years from now, give me an 'R,' will send a surge of spirit in each of us. We'll remember the energetic pom routines, the rhythmic cheers, and the spontaneity of the Senior section.

Our pep assemblies have included everything from plaques to banners to bananas. Our outrageous games with faculty and athletes encouraged a bit of laughter and craziness in everyone. Keep the tradition, keep the spirit, and Riley will always be the pride of the South Side.

Competition has been fierce, but the Wildcats have prevailed. Practices and practice meets combined to fully develop the Riley team. The spirit of competition, and the thrill of victory, are what makes Quiz Bowl the sport of champions.

Project Teach A Step Ahead

We may learn the basics of reading, writing, and arithmetic, but we never learn to apply that knowledge to the career we want to pursue. With the Introduction of Project Teach at Riley, students wanting to become teachers can be given information, given lectures, and given the time to answer questions any of them may have about the teaching field. With the addition of Project Teach, we have given students a head start on their careers.

We are shaping and molding their futures and what better way than through open opportunities.

Looking Into A Brighter Future

Here at Riley we have an excellent way to prepare you for your future. It's called Co-op. For many of us it has provided good job experiences as well as attending regular classes.

Sheryl Meek '89 stated, "I appreciate the job at Bendix I received from these classes."

Kim Stoll '89 replied, "I think it's great to have on-the-job training as well as classroom objectives."

The principals provide a positive direction for the Riley students in their pursuit for a good education. They bring discipline into the school and strive to make for a positive educational environment.

It is difficult for the students to realize the hard work and long hours necessary for this job, and it is even more difficult for the students to appreciate it.

What would Riley be without our principals? One Riley student states, "Without them, this school would be total chaos!"

You can recognize our head principal, Algie Oldham, by his friendly smile. You see him between classes greeting students and getting to know everyone.

Assistant principals JoAnn Fox and George McCullough are seen making occasional visits to the different classes here at Riley.

Freshman Josh Volheim states, "The principals here are the nicest I've ever met!" Although some students think the principals are too tough, the majority are satisfied.

In Memory Of
Carl Lauver
 Science Teacher
 March 10, 1950-
 November 8, 1987

So live, that when thy summons comes to join
 The innumerable caravan, which moves
 To that mysterious realm, where each shall take
 His chamber in the silent halls of death,
 Thou go not, like the quarry-slave at night,
 Scourged to his dungeon, but, sustained and
 soothed,
 By an unfaltering trust, approach thy grave,
 Like one who wraps the drapery of his couch
 About him, and lies down to pleasant
 dreams.

Better Prepared To Fulfill Hopes

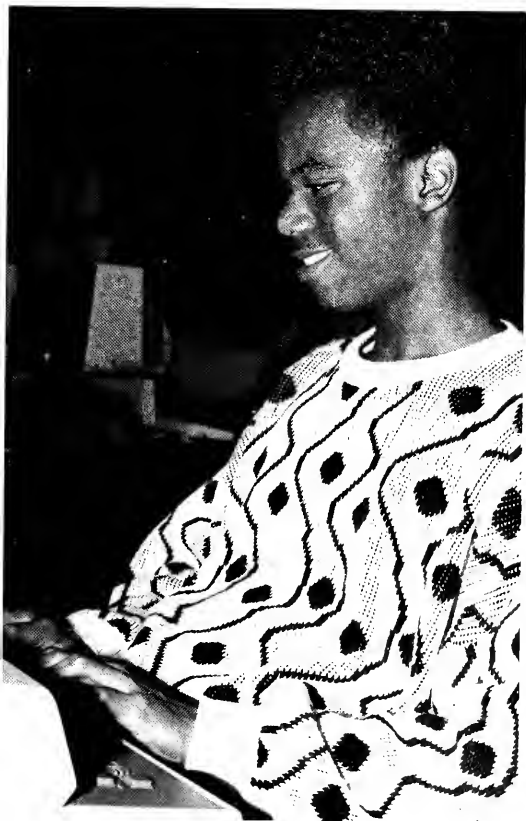

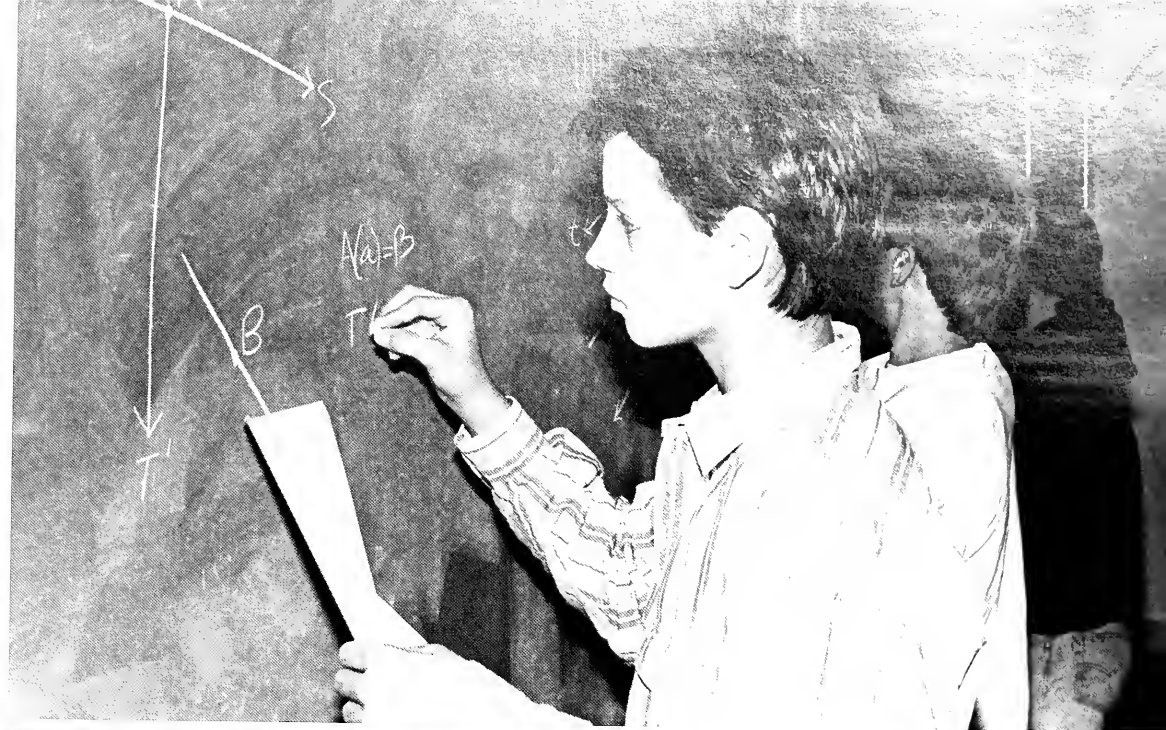

The advanced technology of our society has greatly influenced the Math and Computer fields. Many classes here at Riley, such as Algebra, Geometry, Algebra Trig, Calculus and Computer Programming help students in their preparation for possible careers using their knowledge in these areas. Joel Sumner states "I hope to have a career in Computer Programming". Another student expresses her feelings by stating "I feel that these classes prepare us for college or any type of career we choose. Even if the career doesn't deal with business, it is good training and knowledge.", state Tara Harris '88. With the help of Riley's Math and Computer departments, students have the opportunity to be better prepared to fulfill their hopes and dreams.

Expanding Minds

Reading, vocabulary, and discussion. These three basics provide the foundation for English at Riley. Reading expands our minds and opens doors to worlds of love, hate, war, and death, while vocabulary allows us to use language to define our innermost emotions and feelings. Through discussion we broaden our perspectives and gain new and powerful ideas. We can better understand our assignments, papers and novels through discussion, be it in class or simply between student and teacher.

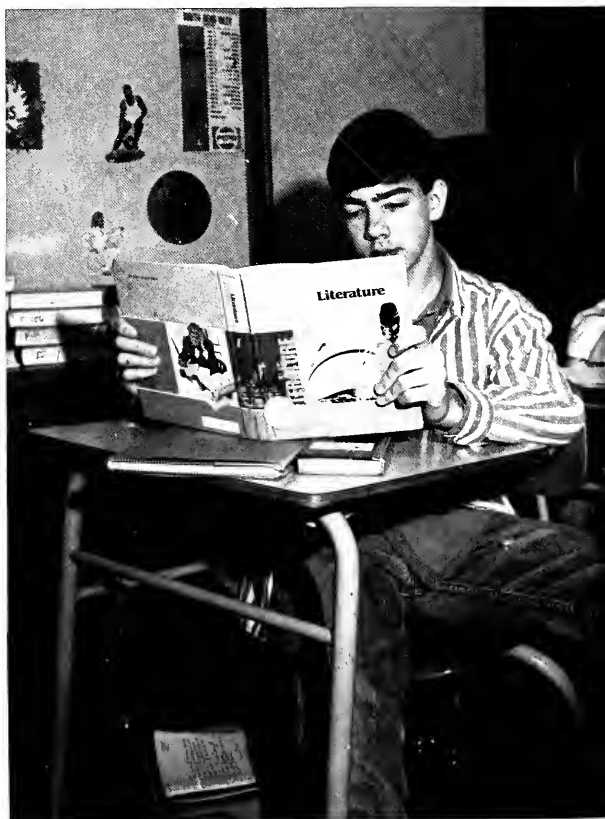

Without these tools of English we are expressionless beings. Riley's English Department prepares not only for college but provides the opportunity to learn a practical use for English in the future.

History Through Maps And Legends

Narrow, dark, and dirt-filled trenches line the countryside. You haven't eaten for three days, but your squadron needs your leadership and keen firing eye. We are not in Vietnam or Nicaragua, but in France during the Second World War. History can be exciting if we put ourselves in the place of our forefathers. Psychology, Economics, and Government all contribute to our Social Studies department. By learning about our history, our governments, and our minds, we learn about life and how to live it.

Bottom Right: Laron McGee '88 proudly displays the symbols of our freedom; the flag and Constitution.

Expanding Our Understanding Of The World

The Foreign Languages at Riley are a great experience for everyone who takes one or more of the languages offered: French, German, Spanish, or Latin. The classes study not only the language, but also the various areas of culture: foods, dress, and customs.

There are many hopes and fears which accompany the study of a Foreign Language. Each student hopes to learn the verb conjugations, vocabulary words, and grammar. Some of the fears are the final exam, and teachers who ask that only the target language be spoken in the classroom.

Why is Foreign Language important? "Foreign Languages are the basis for understanding ourselves and other peoples of the world," says Mr. Stebbins, Latin teacher.

Overall, The Foreign Language Department at Riley offers various experiences that are valuable to each student in some way.

Special Abilities

Many students are taking Industrial Arts at Riley. You can gain special abilities by taking programs such as Drafting, Wood Shop, Auto Shop, Printing, Electronics, Robotics, and Machine Shop.

Drafting is very important to future architects and engineers.

Wood Shop helps students to become good carpenters and craftsmen, while helping you to build and repair.

Dennis Murphy '89 stated, "Drafting helps you to learn the basics of designing layouts of buildings and machinery." He also added his hope and his fear of Industrial Arts. "My hope is to become an engineer in college; and with a teacher like Mr. Besinger, there are no fears."

Top left: Chris Gregory works diligently in electronics.

Many Useful Programs

The Home Economics Department at Riley High School offers many useful programs for Riley students. One of these programs is Child Development — where students are taught about the responsibilities of having children. Sara Danch '90 comments "Child Development is interesting and enjoyable."

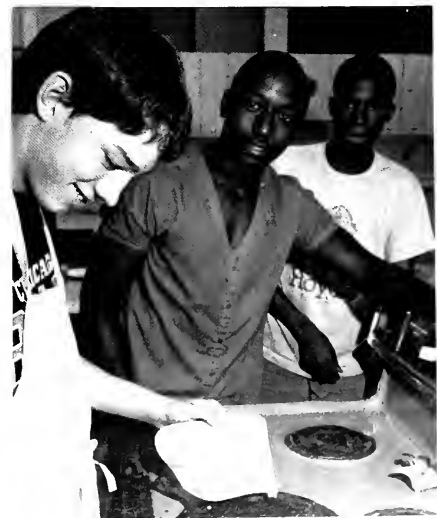

Some of the other classes offered are: Foods and Nutrition — in which students learn about the values of certain foods and how to prepare them, Family Relations, and Clothes and Textiles — where sewing and knitting are taught.

Home Economics instructor Wilma Harris stated: "This is the best year for Home economics. Students are more appreciative of what they are being taught."

An Excellent Experience

Riley health and fitness department is one of the best. With all the excellent teaching staff and the students cooperation this year has been very successful. Andy Mihail (88') said Health was one experience I'll never forget." You learn many different emergency techniques in health so maybe someday you can save a life.

Mr. Garfee said "I am extremely pleased with the students in Phy Ed this year." So many new ideas about sports are learned in gym. Although gym is not all fun and games, you still can finish the year remembering those times you did your best.

One Of The Best In Town

The Riley Science department offers a wide variety of classes to choose from including Biology, Physical and Earth Science, Chemistry, Physics, and Astronomy.

Atomic structures and chemical equations are some of the topics Chemistry students explore. One Riley sophomore stated, "I fear chemistry from just looking at my brother's Chemistry book. All those big problems!"

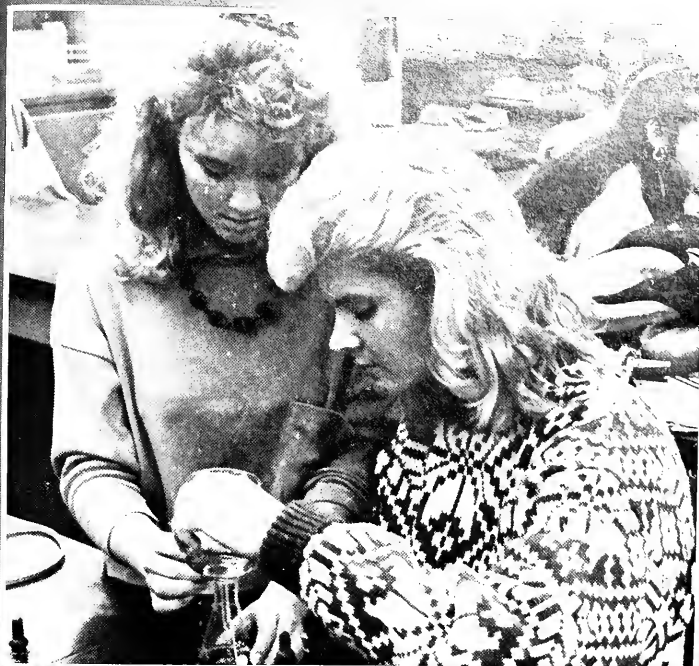

The biology classes are involved in studying the process of photosynthesis, mitosis, and the study of evolution. Freshman Misti Buti says she fears having to dissect a pig. "I'd like to study it, but I'm afraid I might get sick just looking at it!"

In physics, the students study nuclear energy, forces, motion, and electricity among many other subjects. With all this to offer, the Riley science department is one of the best in town, especially with the great teaching staff!

Jeff Franko '89 and Amy Ullery '89 listen attentively to the day's lesson during their 4th hour Chemistry class.

SENIORS

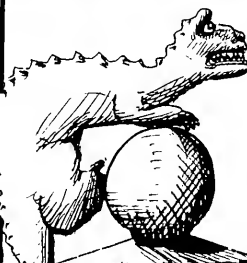

CLASS OF 1988

Throughout the past four years here at Riley we have all developed certain hopes and fears. Along with these we have been planning out our future dreams. We all hope to accomplish these with the education and self pride that the Riley Faculty has given us.

Each one of us is an individual, but when we come together in unity, we hold a strong promise for the future.

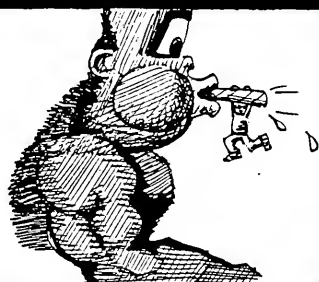

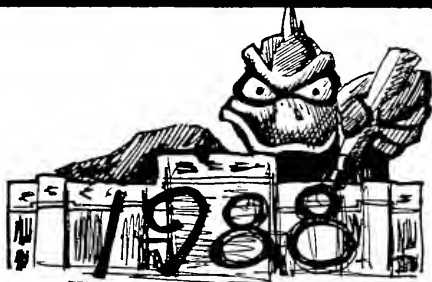

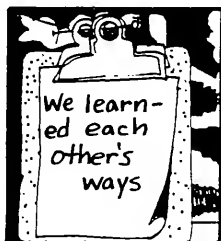

Although we all will be going in our own separate ways, the memories and friendships will be cherished for a lifetime. Even though the memories consist of football games and pep assemblies, and the hoaxes pulled on our teachers, we feel that we gained important knowledge pertaining to education as well as life in general.

As we are handed our diplomas on June 5, 1988, we will have mixed emotions, including anxiety, fear, and happiness. But this day is the beginning of a new life for all of us.

Artist Micheal Parrack is caught in act of designing artwork for the senior section of Riley's *Hoosier Poet*.

WE APOLOGIZE

We wish to sincerely apologize to Lisa Anne Hull, Valerie Weber, Marcy McClelland and Doug Lujczkowski for not being able to place your pictures in the correct alphabetical order in your Riley Hoosier Poet due to the lateness of Root Photography in sending us

your proofs. We were unable to meet deadlines due to a lack of time. The staff had to decide which was more important to distribute the yearbook at the end of May or at the end of the summer. We decided that it was more important to give the student body their yearbook during the school year.

Freshmen Have Many Fears

The freshmen have many fears. When we first came to school we feared we would get lost, we would be picked on, and that the rumors about our teachers told by upper classmen were true. We now fear we won't get good grades and the classes here will be much harder than 8th grade. Another fear that many freshmen boys have is that the 200 pound Seniors won't leave them alone and the girls fear the same senior won't be their boyfriends.

The freshmen also have many hopes. We hope that we will achieve as much as we can. Most of all we, the freshmen hope for success at this school and for the rest of our lives.

How to improve on the taste of Pepsi®

It's the better, more modern taste of Coke.

And it's better than Pepsi!
In fact, in taste tests nationwide,
more people pick Coke over Pepsi.

So, while Pepsi tries to be the drink of the future,
today more people all across the country
are choosing the lively taste of Coke.

So, next time don't say the 'P' word,
say Coke, and catch the wave.

Coke. The Taste that wins the test.

Above: Trion Blount '90 gets a piggy-back ride from Eddie Scales '88.

Top Right: Kenny Little '89 performs beautifully at a Master's class in the Bendix Theatre.

Throughout our lives, we all develop hopes and fears. But many of these seem to develop throughout the four years which are spent in high school. Here at Riley, the hopes seem to be basically the same. These are to graduate, have close friends and to be successful. But the yearbook staff members seem to have additional, uncommon hopes: to meet deadlines, write good copy and to virtually get the finished product back to Riley on time. The fears that seem to exist are the fear of fail-

ing a class, of not graduating and the fear of not being accepted. For Hoosier Post staff members, the most definite fear is not meeting deadlines.

This yearbook is being dedicated to the class of 1988 because each and every member has contributed in some way to our theme of Hopes and Fears. Every student has a hope and a fear, but the seniors are ready to experience the true definitions of these words.

As Co-Editors of this yearbook, we

would like to thank the staff members, the student body and the faculty. Each and every one of you played an important role in the production of this edition of the Hoosier Post.

As you close this book, we hope that you are not closing your mind to the memories that derived from your experiences at Riley. They all hold a great deal of value and importance.
